**REGULATIONSANDSYLLABUS - (CBCS-University Department)** [For the candidates admitted from the Academic Year 2022 – 2023 onwards]

## Name of the Department: Department of Special Education and Rehabilitation Science

Name of the Subject Discipline: M.Sc. PSYCHOLOGY

Programme of Level: PG

Duration for the Course: Full Time (Two Years)

#### 1. Choice-Based Credit System

A choice-Based Credit System is a flexible system of learning. This system allows students to gain knowledge at their own tempo. Students shall decide on electives from a wide range of elective courses offered by the University Departments in consultation with the Department committee. Students undergo additional courses and acquire more than the required number of credits. They can also adopt an inter-disciplinary and intra-disciplinary approach to learning, and make the best use of the expertise of available faculty.

#### 2. Programme

"Programme" means a course of study leading to the award of a degree in a discipline.

#### 3. Courses

'Course' is a component (a paper) of a programme. Each course offered by the Department is identified by a unique course code. A course contains lectures/ tutorials/laboratory / seminar / project / practical training / report writing /Viva-voce, etc or a combination of these, to meet effectively the teaching and learning needs.

#### 4. Credits

The term "Credit" refers to the weightage given to a course, usually in relation to the instructional hours assigned to it. Normally in each of the courses credits will be assigned on the basis of the number of lectures/tutorial/laboratory and other forms of learning required to complete the course contents in a 15-week schedule. One credit is equal to one hour of lecture per week. For laboratory/field work one credit is equal to two hours.

## 5. Semesters

An Academic year is divided into two **Semesters.** In each semester, courses are offered in 15 teaching weeks and the remaining 5 weeks are to be utilized for conduct of examination and evaluation purposes. Each week has 30 working hours spread over 5 / 6 days a week.

## 6. Medium of Instruction

## ENGLISH

## 7. Departmental committee

The Departmental Committee consists of the faculty of the Department. The Departmental Committee shall be responsible for admission to all the programmes offered by the Department including the conduct of entrance tests, verification of records, admission, and evaluation. The Departmental Committee determines the deliberation of courses and specifies the allocation of credits semester-wise and course-wise. For each course, it will also identify the number of credits for lectures, tutorials, practicals, seminars etc. The courses (Core/Discipline Specific Elective/Non-Major Elective) are designed by teachers and approved by the Departmental Committees. Courses approved by the Departmental Committees shall be approved by the Board of Studies/Broad Based Board of Studies. A teacher offering a course will also be responsible for maintaining attendance and performance sheets (CIA -I, CIA-II, assignments and seminar) of all the students registered for the course. The Non-major elective programme, MOOCs coordinator and Internship Mentor are responsible for submitting the performance sheet to the Head of the department. The Head of the Department consolidates all such performance sheets of courses pertaining to the programmes offered by the department. Then forward the same to be Controller of Examinations.

PGO-1	To develop knowledge and skills of a general psychologist.
PGO-2	To understand the skill in applying Diagnostic Procedures in various settings
PGO-3	To acquire knowledge and skills required to engage in practice or research in a specific area within psychology
PGO-4	To describe and explain major theoretical positions and empirical findings in subfields of psycho pathology and sports psychology for the individual studies.
PGO-5	To promote rehabilitation and mental health activities in the practical and theoretical perception higher order thinking skills to take up creative and innovative research methodologies in the area of Psychology.
PGO-6	To provide the student with an academic environment aware of excellence, outstanding leadership, written ethical codes and guidelines with moral values, and the life-long learning needed for a successful career in Psychology.

8.	<b>Programme Gen</b>	eral Objectives	- (PGO) Minim	um 6 objectives ar	e required
----	----------------------	-----------------	---------------	--------------------	------------

PSO-1	To create a cadre of Psychologist.	
PSO-2	To strengthen the professionals already in the field to qualify as Psychologist.	
PSO-3	To Understand and update the principles of psychology and its application in various	
	fields	
PSO-4	To Learn the concepts which form a catalyst to behavior	
PSO-5	To Develop skill in case analysis, assessment using psychological tests/instruments	
	and case report writing	
PSO-6	Learn to relate human behavior at work and develop intervention techniques problems encountered at work place.	

## 9. Programme Specific Objectives - (PSO)

#### 10. Programme Out come - (PO)

PO-1	Develop knowledge and skills of a professional psychologist.	
PO-2	Understand and update the principles of psychology and its application in various	
	fields	
PO-3	Develop knowledge and skills required to engage in practice or research in a specific area of psychology	
PO-4	Describe and explain major theoretical positions and empirical findings in subfields of psychology	
PO-5	Create a cadre of Psychologist.	
PO-6	Able to relate human behavior at work and develop intervention techniques problems encountered at work place.	

## 11. Eligibility for admission

The admission for the degree of M.Sc Psychology shall be open to:

A candidate who has successfully passed any Bachelor Degree from a recognized university

## 12. Minimum Duration of programme

The programme is for a period of two years. Each year shall consist of two semesters viz. Odd and Even semesters. Odd semesters shall be from June / July to October / November and even semesters shall be from November / December to April / May. Each semester there shall be 90 working days consisting of 6 teaching hours per working day (5 days/week).

## 13. Components

A PG programme consists of a number of courses. The term "course" is applied to indicate a logical part of the subject matter of the programme and is invariably equivalent to the subject matter of a "paper" in the conventional sense. The following are the various categories of the courses suggested for the PG programmes:

- *A.* Core courses (CC)- "Core Papers" means "the core courses" related to the programme concerned including practicals and project work offered under the programme and shall cover core competency, critical thinking, analytical reasoning, and research skill.
- **B.** Discipline-Specific Electives (DSE) means the courses offered under the programme related to the major but are to be selected by the students, shall cover additional academic knowledge, critical thinking, and analytical reasoning.
- C. Non-Major Electives (NME)- Exposure beyond the discipline
  - Students have to undergo a total of two Non Major Elective courses with 2 credits offered by other departments (one in II Semester another in III Semester).
  - A uniform time frame of 3 hours on a common day (Tuesday) shall be allocated for the Non-Major Electives.
  - Non Major Elective courses offered by the departments pertaining to a semester should be announced before the end of previous semester.
  - Registration process: Students have to register for the Non-Major Elective course within 15 days from the commencement of the semester either in the department or NME Portal (University Website).
- **D.** Self Learning Courses from MOOCs platforms.
  - > MOOCs shall be on voluntary for the students.
  - Students have to undergo a total of 2 Self LearningCourses (MOOCs) one in II semester and another in III semester.
  - The actual credits earned through MOOCs shall be transferred to the credit plan of programmes as extra credits. Otherwise 2 credits/course be given if the Self Learning Course MOOCs is without credit.
  - While selecting the MOOCs, preference shall be given to the course related to employability skills.
- E. Projects / Dissertation /Internships

The duration of the Project/Dissertation/internship shall be a minimum of three months in the fourth semester.

> Plan of work

#### **Project / Dissertation**

The candidate shall undergo Project/Dissertation Work during the final semester. The candidate should prepare a scheme of work for the dissertation/project and should get approval from the guide. The candidate, after completing the dissertation /project work, shall be allowed to submit it to the university departments at the end of the final semester. If the candidate is desirous of availing the facility from other departments / universities / laboratories / organizations they will be permitted only after getting approval from the guide and HOD. In such a case, the candidate shall acknowledge the same in their dissertation/project work.

#### **Internship**

The students who have opted for an Internship must undergo Clinical training in the reputed organizations to accrue clinical knowledge in the final semester. The student has to find Institutions related to their discipline (Public limited/Private Limited/owner/NGOs etc.,) in consultation with the faculty in charge/Mentor and get approval from the head of the department and Departmental Committee before going for an internship.

## > No. of copies of the dissertation / project report / internship report

The candidate should prepare three copies of the dissertation / project / report and submit the same for the evaluation of examiners. After evaluation, one copy will be retained in the department library, one copy will be retained by the guide and the student shall hold one copy.

## Format to be followed for dissertation/project report

Content as follows:

#### 14. Teaching methods

Lecture Methods, Demonstration, Activity based Teaching Learning and Technology Infused methods will be followed

#### 15. Attendance

Students must have earned 75% of attendance in each course for appearing for the examination. Students who have earned 74% to 70% of attendance need to apply for condonation in the prescribed form with the prescribed fee. Students who have earned 69% to 60% of attendance need to apply for condonation in the prescribed form with the prescribed fee along with the Medical Certificate. Students who have below 60% of

attendance are not eligible to appear for the End Semester Examination (ESE). They shall redo the semester(s) after completion of the programme.

## 16. Examination

The examinations shall be conducted separately for theory and practical's to assess (remembering, understanding, applying, analysing, evaluating, and creating) the knowledge required during the study. There shall be two systems of examinations viz., internal and external examinations. The internal examinations shall be conducted as Continuous Internal Assessment tests I and II (CIA Test I & II).

## A. Internal Assessment

The internal assessment shall comprise a maximum of 25 marks for each subject. The following procedure shall be followed for awarding internal marks.

Sr.No	Content	Marks	
1.	Average marks of two CIA test		15
2.	Seminar/group discussion/quiz		5
3.	Assignment/field trip report/case study report		5
	Total		25

## **Theory -25 marks**

## **Practical -25 Marks**

1	Major Psychological Experiments	15 marks
2	Minor Psychological Experiment	10 marks
	Total	25 Marks

## Internship (assess by Guide/incharge/HOD/supervisor)

1	Report	30 Marks
2	Presentation	20 Marks
	Total	50 Marks

## Dissertation (assess by Guide/incharge/HOD/supervisor)

1	Dissertation	50 Marks
2	Presentation	50 Marks
	Total	100 Marks

## **B.** External Examination

- □ There shall be examinations at the end of each semester, for odd semesters in the month of October / November; for even semesters in April / May.
- A candidate who does not pass the examination in any course(s) may be permitted to appear in such failed course(s) in the subsequent examinations to be held in October / November or April / May. However candidates who have arrears in Practical shall be permitted to take their arrear Practical examination only along with Regular Practical examination in the respetive semester.

- A candidate should get registered for the first semester examination. If registration is not possible owing to shortage of attendance beyond condonation limit / regulation prescribed OR belated joining OR on medical grounds, the candidates are permitted to move to the next semester. Such candidates shall re-do the missed semester after completion of the programme.
- □ Viva-Voce: Each candidate shall be required to appear for Viva-Voce Examination (in defense of the Dissertation Work /Project/ internship).
- C. Scheme of External Examination (Question Paper Pattern)

Theory - Maximum 75 Marks

Section A	10 questions. All questions carry equal marks. (Objective type questions)	10 x 1 = 10 Marks	10 questions – 2 each from every unit
Section B	5 questions Either / or type like 1.a (or) b. All questions carry equal marks.	5 x 5 = 25	5 questions – 1 each from every unit
Section C	5 questions Either / or type like 1.a (or) b. All questions carry equal marks.	5 x8 = 40	5 question –Should cover all units

## **Dissertation /Project report**

Dissertation	150 Marks
Vivo voce	50 Marks
Total	200 Marks

## Internship report Scheme of evaluation

Internship report	100 Marks
Vivo voce	50 Marks
Total	150 Marks

## 17. Results

The results of all the examinations will be published through the Department where thestudent underwent the course as well as through University Website

## 18. Passing minimum

- □ A candidate shall be declared to have passed in each course if he/she secures not less than 40% marks in the End Semester Examinations and 40% marks in the Internal Assessment and not less than 50% in the aggregate, taking Continuous assessment and End Semester Examinations marks together.
- □ The candidates not obtained 50% in the Internal Assessment are permitted to improve their Internal Assessment marks in the subsequent semesters (2 chances will be given) by writing the CIA tests and by submitting assignments.
- $\hfill\square$  Candidates, who have secured the pass marks in the End-Semester Examination and

in the CIA but failed to secure the aggregate minimum pass mark (E.S.E + C I.A), are permitted to improve their Internal Assessment mark in the following semester and/or in University examinations.

- □ A candidate shall be declared to have passed in the Project / Dissertation / Internship if he /she gets not less than 40% in each of the Project / Dissertation / Internship Report and Viva-Voce and not less than 50% in the aggregate of both the marks for Project Report and Viva-Voce.
- □ A candidate who gets less than 50% in the Project / Dissertation / Internship Report must resubmit the thesis. Such candidates need to take again the Viva-Voce on the resubmitted Project report.

## 20. Grading of the Courses

The following table gives the marks, Grade points, Letter Grades and classifications meant to indicate the overall academic performance of the candidate.

RANGE OF MARKS	GRADE POINTS	LETTER GRADE	DESCRIPTION
90 - 100	9.0 - 10.0	0	Outstanding
80 - 89	8.0 - 8.9	D+	Excellent
75 - 79	7.5 – 7.9	D	Distinction
70 - 74	7.0 – 7.4	A+	Very Good
60 - 69	6.0 - 6.9	Α	Good
50 - 59	5.0 - 5.9	В	Average
00 - 49	0.0	U	Re-appear
ABSENT	0.0	AAA	ABSENT

Conversion of Marks to Grade Points and Letter Grade (Performance in Paper / Course)

- a) Successful candidates passing the examinations and earning GPA between 9.0 and 10.0 and marks from 90 100 shall be declared to have Outstanding (O).
- b) Successful candidates passing the examinations and earning GPA between 8.0 and 8.9 and marks from 80
   89 shall be declared to have Excellent (D+).
- c) Successful candidates passing the examinations and earning GPA between 7.5 7.9 and marks from 75 79 shall be declared to have Distinction (D).
- d) Successful candidates passing the examinations and earning GPA between 7.0 7.4 and marks from 70 74 shall be declared to have Very Good (A+).
- e) Successful candidates passing the examinations and earning GPA between 6.0 6.9 and marks from 60 69 shall be declared to have Good (A).
- f) Successful candidates passing the examinations and earning GPA between 5.0 5.9 and marks from 50 59 shall be declared to have Average (B).

- g) Candidates earning GPA between 0.0 and marks from 00 49 shall be declared to have Re-appear (U).
- h) Absence from an examination shall not be taken as an attempt.

From the second semester onwards the total performance within a semester and continuous performance starting from the first semester are indicated respectively by Grade Point Average (GPA) and Cumulative Grade

Point Average (CGPA). These two are calculated by the following formulate

GRADE POINT AVERAGE (GPA) =  $\Sigma_i C_i G_i / \Sigma_i C_i$ 

GPA = <u>Sum of the multiplication of Grade Points by the credits of the courses</u> Sum of the credits of the courses in a Semester

## 21. Classification of the final result

CGPA	Grade	Classification of Final
		Result
9.5 - 10.0	0+	First Class – Exemplary*
9.0 and above but below 9.5	0	
8.5 and above but below 9.0	D++	First Class with Distinction*
8.0 and above but below 8.5	D+	
7.5 and above but below 8.0	D	
7.0 and above but below 7.5	A++	First Class
6.5 and above but below 7.0	A+	
6.0 and above but below 6.5	Α	
5.5 and above but below 6.0	<b>B</b> +	Second Class
5.0 and above but below 5.5	В	
0.0 and above but below 5.0	U	Re-appear

The final result of the candidate shall be based only on the CGPA earned by the candidate.

- a) Successful candidates passing the examinations and earning CGPA between 9.5 and 10.0 shall be given Letter Grade (O+), those who earned CGPA between 9.0 and 9.4 shall be given Letter Grade (O) and declared to have First Class –Exemplary\*.
- b) Successful candidates passing the examinations and earning CGPA between 7.5 and 7.9 shall be given Letter Grade (D), those who earned CGPA between 8.0 and 8.4 shall be given Letter Grade (D+), those who earned CGPA between 8.5 and 8.9 shall be given Letter Grade (D++) and declared to have First Class with Distinction\*.
- c) Successful candidates passing the examinations and earning CGPA between 6.0 and 6.4 shall be given Letter Grade (A), those who earned CGPA between 6.5 and 6.9 shall be given Letter Grade (A+), those who earned CGPA between 7.0 and 7.4 shall be given Letter Grade (A++) and declared to have First Class.

- d) Successful candidates passing the examinations and earning CGPA between 5.0 and 5.4 shall be given Letter Grade (B), those who earned CGPA between 5.5 and 5.9 shall be given Letter Grade (B+) and declared to have passed in Second Class.
- i) Candidates those who earned CGPA between 0.0 and 4.9 shall be given Letter Grade (U) and declared to have Re-appear.
- e) Absence from an examination shall not be taken as an attempt.

## CUMULATIVE GRADE POINT AVERAGE (CGPA) = $\Sigma_n \Sigma_i C_{ni}$ G<sub>ni</sub> / $\Sigma_n \Sigma_i C_{ni}$ CGPA = Sum of the multiplication of Grade Points by the credits of the entire Programme Sum of the credits of the courses for the entire Programme

Where 'Ci' is the Credit earned for Course i in any semester; 'Gi' is the Grade Point obtained by the student for Course i and 'n' refers to the semester in which such courses were credited.

**CGPA** (Cumulative Grade Point Average) = Average Grade Point of all the Courses passed starting from the first semester to the current semester.

Note: \* The candidates who have passed in the first appearance and within the prescribed Semesters of the PG Programme are alone eligible for this classification.

## 19. Maximum duration of the completion of the programme

The maximum period for completion of the programme shall not exceed eight semesters continuing from the first semester.

## 20. Conferment of the Master's Degree

A candidate shall be eligible for the conferment of the Degree only after he/ she has earned the minimum required credits for the Programme prescribed therefor (i.e. 90 credits). Programme).

## 21. Village Extension Programme

The Sivaganga and Ramnad districts are very backward districts where a majority of people Lives in poverty. The rural mass is economically and educationally backward. Thus the aim of the introduction of this Village Extension Programme is to extend out to reach environmental awareness, social activities, hygiene, and health to the rural people of this region. The students in their third semester have to visit any one of the adopted villages within the jurisdiction of Alagappa University and can arrange various programs to educate the rural mass in the following areas for three day based on the theme.1. Environmental awareness 2. Hygiene and Health. A minimum of two faculty members can accompany thestudents and guide them.

		I- Semester			
Core 1	CourseCode: 744101	General Psychology	Т	Credits:4	Hours:4
		Unit -I			
Objective	1	To Understand the nature and origin of Psychology behavior	and	the Biologic	cal bases o
Approache System: Ce Organizatio	s to Psychology entral Nervous S on of Brain - The	efinition of Psychology – History and Early schools of - Methods of Psychology - <b>Biological Bases of Beha</b> ystem - Peripheral Nervous System Neurons – Structures Endocrine System – Genetic and Evolutionary Blueprin	vior: s and t ts of H	Definition of B function of B Behavior.	f Nervous brain - The
Outcome		Learners demonstrate knowledge on the nature and or and the Biological bases of behavior	ıgın o	f Psychology	K1
		Unit II			1
Objective		To critically analyze the nature of Sensation, Perception Definition of Sensation - Sensory adaptation - Defi			
Definition Learning –	of Learning - C Definition of M Forgetting - Proa	onstancies - Depth Perception – Illusion - Extra Sem Classical Conditioning – Operant Conditioning - Cogni Gemory - Two models of Memory - Three stages of mer- ctive and Retroactive Interference - Retrieval Inhibition. Students enable to investigate the dynamic of Sensation and enhance innovation over the models of Learning and	tive I nory and Po	earning - O - Techniques erception	bservationa
		Unit III			
Objective	3	To explain the meaning and processes of cognition, inte	elliger	ce and creati	vitv
Definition	of Creativity – inkers- Objective	ce - Individual Differences in Intelligence – Theories Convergent & Divergent thinking - Steps in Creative e evaluation of work – The characteristics of Creative livi Learners design cognition strategies and adapt cl identifying intelligence and creativity, induces insi- solving.	e Proo ng. inical	cess - Chara settings by	cteristics of <b>K6</b>
		Unit IV			
Objective	4	To analyze and breakdown the basic aspects and theorie	es of N	Motivation ar	nd Emotion
eduction – . E <b>motions:</b> I	Arousal – Incent Definition of Em - Theories of Er	Definition of Motivation - Approaches to understandin ive – Needs - Self determination theory - Sexual motiva otion – Six Components of Emotions - Biology - Cognit notions Students enhance the competency via motivational theory demonstrate emotion and handling	tion - tive an	Aggressive and Socio-cult	motivation
		Unit V			
Social Cogr Personality nventories	: Definition of itive Perspectiv Self-report – in	To demonstrate the nature of Personality and its Assess Personality – Theories of Personality: Psychodynamic personality – Theories of Personality: Psychodynamic personality – Humanistic Perspectives – Trait & Type Perspective w – Questionnaires – Projective tests – Behavioura	erspective al asse	tives - Behav es - <b>Asse</b> essments - F	ersonality
Outcom		Learners understand the nature of Personality a assessments	nd fo	ormulate the	e K1
