

ALUMNI

Ph. D (Nanoscience & Technology)

Sl. No	Name of the Alumni	Period of Study	Designation & Office Address	FeedBack	Contact No.	E- mail ID	Photos
1.	Dr. Krishna moorthy	2007-2014	Teaching Assistant	I am a first doctorate in Nanoscience and Technology with physics background, I am very happy to say I thank the institute and the faculty for all the efforts put in by them, along with the perseverance and right moves have paid off finally. I am doing well in their job Engeering college, Lecctrure position. Which reflect the quality of the students the institute has produced dept. of Nanoscience and Technology, Alagappa University, Karaikudi.	9994951101	krishpdf@gmail.com	
2.	Dr. K.S.Venkatesh	2007-2014	Post-Doctoral Fellow Department of Physics, Kalasilingam University, Krishnankoil, Virudhunagar - 626 126, Tamil Nadu	It's been a over a decade of association with School of Marine Sciences, but still carry the feeling of being student of such a wonderful, happening and lively department.	9787673058	venkatesh10685@gmail.com	
3.	Dr. A. Rajesh	2009-2015	Research Associate, Indira Gandhi Centre for Atomic Research Kalpakkam, Tamil Nadu 603102.	Alagappa Univeristy given my satisfaction life, career and future.I am recently seen the growth of this esteemed institution. The HOD was given moral support and valuable guidance of my degree during the entire study period. I would like to take this great opportunity to thank Alagappa University	-	rajeshnano3@gmail.com	

4.	Dr.K. Dhanabalan	2009- 2016	Post-Doctoral Fellow Gwangu Institute of Science & Technology, South Korea	The HOD, Faculty and environment at this department are impeccable. I would like to take this opportunity to thank one and all who were Instrumental in shaping my career. .	-	dhanabalannano@ yahoo.co.in	
5.	Dr. T. Sadhasivam	2010 - 2015	Post-Doctoral Fellow Chungnam National University, South Korea	My Department gives me a extreme care and moral support towards my academic carrer. My faculties are very helpful minded and they are always ready to clarify any doubts and giving valuable suggestions. I thank my university for giving apportunity to do my Ph. D, with the Grace of our philosopher Dr. RM. Alagappa Chettiyar.	-	sadhasivam.nano @gmail.com	
6.	Dr. K. Gopi	2010- 2015	Teaching Aisstant, Dept. of Botany Alagappa University	I would like to thank the dept. of Nanoscience and technology for providing us an oppourtunity to learn nanoscience in a methodical way. Our research staffs were very interactive and interesting. The dept. Nanotechlogy helped me a lot during PH.D research basic facilities.	-	gopiscientist @gmail.com	
7	Dr. S. Sasikala	2009- 2015	SERB-National Post Doctoral Fellow (N- PDF) CSIR-CECRI KaraiKudi	Extremely good oppourtunities. I thoroughly hardworking and the interaction we had with the research guide and with each other's. I would like thank to dept of Nanoscience and technology providing facilites successfully completed my research work (Ph.D).	-	sasikala412@ gmail.com	

8	Dr. J. Suganya	2009-2015	Teaching Assistant	The Department contains separate labs for individual discipline faculties specialized in particular areas are training us efficiently. We can have the wide exposure and interacting with staffs and scholars from different departments. It is advantage that different science disciplines are associated with single campus.	-	Suganya10984@gmail.com	
10	R. Kalyani	2017		It's a vice nice course. This dept provided me all the necessary facilities to successfully carry-on. The research work in this emerging technology. I'm very satisfied & fulfilled with the dept research facilities, the peaceful and encouraging environment.	9715226162	Rkalyani.alu@gmail.com	

11.	M. Rajesh	2019	Post-doc fellow	After completing a M.Sc & M.Phil degree in Nanoscience and Technology at the Alagappa University, I looked to further my studies within the field and saw a great opportunity. I felt that the course would be right for me due to the combination of Future advanced technology - much like what I had studied for my P.G & Research degree only with a stronger focus on Nanoscience.	9159324018	nanorajesh9626@gmail.com	
12	V. Karthika	2018	Post-doc fellow	I completed a P.G and Reserch degree in M.Sc & M.Phil degree in Nanoscience and Technology both at the Alagappa University; I was very interested in Nanoscience and technology as a means of approaching Nanomedince. I decided to join the MSc & M.Phil as both a challenge and a chance to learn a completely new aspect to Advanced materials science.	9976587727	vkarthikanano@gmail.com	
13	S. Sivasakthi	2022	Assistant professor Dept. of physics JJ college of arts and science pudukottai	I am very happy to study my Ph.D progaramme in our University. i have long relationship with our university by all degrees completed herein that respect, i am very proud to this university.then it have good infrastructure and knowledgeable faculty, they are very friendly with students and they provide good education for them hereby our university makes respectable citizen for our country.	8148581386	Raam.siva73@gmail.com	

14	R. Prabhu	2022	Assistant professor Dept. of biotechnology JJ college of arts and science pudukottai	I am very lucky to study this University because our university had good quality teachers, curriculum and good environment. In my family economic and situation is very poor and not possible to study. Our university gave me lot o oppurtunities to study.	9159530780	nanoprabhu@gmail.com	
15	S. Gowri	2023	-	I did my M.Sc Nano Science and Technology Student and I have completed successfully completed in (2012-2014) Batch. A keen interest in Nanotechnology understanding how things work in general got me looking into nanomedicine and the courses in P.G & Research course attractive, as was the prospect of moving research for a degree.	9500459914	sgowri.ruthra@gmail.com	
16	T.M. Amarnath	2022	-	I am very happy to give my golden memories, I got my B.Sc., in Physics so I need to understand more and more about the beauty of physics in applications and so I took my masters in nanoscience and technology. Here I get wonderful opportunity to undertake research carrier .My faculty members are very helping and their valuable suggestions are always in my mind.	9043560012	amar4active@gmail.com	

17	B. Arjun Kumar	2023	<p>Post Doctoral Research Fellow, National Water and Energy Center, United Arab Emirates University, Al Ain, Abu Dhabi, United Arab Emirates</p>	<p>I completed my M.Sc., Nanoscience and Technology in the year of 2018. From my M.Sc to Ph.D degree this University behind the backbone of my growth through well efficient teaching faculties, appropriate research facilities and fruitful atmosphere. I very happy be an alumni of this University and I would say that Nanoscience and Technology become the advanced platform in all the fields of science and technology.</p>	8973940949	phyarju@gmail.com	
18	N. Prakashkumar	2024	-	<p>I did my UG in Biotechnology and PG in Nanoscience and Technology. The progress of Nanobiotechnology research in my Ph.D is because of the inspiration and support by the Alagappa University for the passionate research. This University fulfilled all my aspirations since my PG days to my Ph.D carrier.</p>	8778665900	npknano96@gmail.com
