

Instrument facilities available in the Department

		
Jasco-V-530 UV-Vis	Jasco-670-NIS	Shimadzu-UV2401(with DRA)
		
Jasco-4600-FT-IR	Atomic Absorption Spectrophotometer	Jasco-FP-8200-Spectrofluorometer
		
Elico-SL174-Spectrofluorometer	CH-620A-Electrochemical Analyzer	CH-680-Electrochemical Workstation
		
Metrohm-Autolab Electrochemical workstation	EG&G Electrochemical Versastat II	EG&G-Electrochemical Unit
		
EG&G-273A-Electrochemical Unit	Elisa-Washer	Espin-Nano Electrospinning Unit
		
RBE-Dyeing Unit	Premier-Computer Colour Matching Unit	Ozonation Unit

BET Surface Analyzer (under DST-FIST scheme) has been added in March 2024.

Note: XRD, SEM, TEM, AFM, NMR, CHNSO Analyzer, Maldi-Tof, Confocal Microscopy etc are available at University Science Instrumentation Centre (USIC) as common facility.
