CURRICULUM FRAMEWORK FOR

B. Sc., PHYSICAL EDUCATION HEALTH EDUCATION

AND SPORTS PROGRAMME

GUIDELINES OF REGULATIONS AND SYLLABUS STRUCTURE FOR BACHELOR OF SCIENCE IN PHYSICAL EDUCATION THREE YEARS PROGRAMME

I. PROGRAMME GENERAL OBJECTIVES:

The main objective is Bachelor of Science in physical education three years Programme and the teaching how to implement it in social, professional, physical and recreational activities. It is to develop a comprehensive outlook of an individual with a strong civic position, moral qualities, sense of responsibility, an independent, initiative, tolerant person who is able to successfully socialize and to use different forms of physical education and sports in daily life to protect his or her own health and promote effective professional activities.

II. PROGRAMME SPECIFIC OBJECTIVES:

Make a unique contribution to balanced development and living. Movement being essential to be a human .Learning focused on movement and students need to be engaged in it. a medium for developing skills across diverse areas of endeavor. Fostering a pedagogy based around critical thought and action.

III. PROGRAMME OUTCOME:

1. ON SUCCESSFUL COMPLETION OF THE PROGRAMME: Candidates those who are physically well and have a lot of interest in physical education and its related activities can go for this course. Those who have intellectual skills that require thought processes, interpretation of presented information, movement and muscle control and perceptual skills involving the thought, interpretation and movement skills are a good match for it. Third, those who are capable of drawing and handling the verbal instructions, demonstration, video, diagrams and photo sequences, etc. also are suitable for it.

IV. ADMISSION PROCEDURE AND COURSE OF STUDY

FOR B. SC., PHYSICAL EDUCATION:

1. Eligibility:

Eligibility and Admission and Intake Procedure

- A. A pass in Plus two (10 + 2)
- B. Minimum marks of 40% in Twelfth Standard (+2)
- **C.** Proficiency in sports (35%)

2.Duration:

The B.Sc. Programme shall be with duration of three academic years, that is, six semesters. However, the students shall be permitted to complete the Programme requirements within a maximum of five years from the date of admission to the Programme.

3. The CS System:

All programs shall run on Credit system (CBCS). It is an instructional package developed to suit the needs of students, to keep pace with the developments in higher education and the quality assurance expected of it in the light of liberalization and globalization in higher education.

4. Course:

The course usually referred to as 'papers' is a component of a Programme. All courses need not carry the same weight. The courses should define learning objectives and learning outcomes. A course may be designed to comprise Lectures/tutorials/laboratory work/ field work/ outreach activities/ Project work/vocational training/viva seminars/term papers/assignments /presentations/self-study etc. or a combination of some of these.

5. Courses of Programme:

The B.Sc (Physical Education) Programme consists of a number of courses, the term 'Course' applied to indicate a logical part of subject matter of the Programme and is invariably equivalent to the subject matter of a "paper" in the conventional sense. The following are the various categories of courses suggested for the

Theory Courses Language	: 800	Practical	: 2000
Theory Core Courses	: 1600	Teaching Practices	: 200
Elective Course	: 600	Extension activities	: 200

6. Semesters:

An academic year is divided into two semesters. Each semester will consist of 17-20 weeks of academic work equivalent to 100 actual teaching days. The odd semester may be schedules from April/May to November/December and even semester from November/December to April/May. The instituting shall work for a minimum of 35 working hours in a week (five or six days a week)

7. Working days:

There shall be at least 200 working days per year exclusive of admission and examination processes etc.

8. Credits:

The term 'Credit' refers to a unit by which the Programme is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or one and half/two hours of practical work/field work per week. The term 'credit' refers to the weight given to a course, usually in relating to the instructional hours assigned to it. The total minimum credits, required for completing a B.Sc Programme is 144 credits and for each semester, 24 credits.

S.No	Special Credits for Extra Co-curricular Activities	Credit
1	Sports Achievement at Stale level Competition (Medal Winner) Sports	1
	Achievement National level Competition (Medal Winner)	2
	Sports participation International level Competition	4
2	Inter Uni. Participation (Any one game)	2
3	Inter College Participation (Min.Two games)	1
4	Blood donation/Cleanliness drive/Community services/	2
5	Mountaineering – Basic Camp, Advance Camp/Adventure Activities	2
6	Organization/ Officiating – State /National level in any two games	2
7	News Reposting / Article Writing / book writing / progress report writing	1
8	Research Project	4
9.	NSS/NCC	2

Provision of Bonus Credits Maximum of 6 Credits in each Semester

Students can earn maximum 06 Bonus Credits in each semester by his/her participation in the above mentioned activities duly certified by the Head of the institution/ Department. This Bonus credit will be used only to compensate loss of credits in academic activities.

9. Examinations:

i. There shall be examinations at the end of each semester, for odd semester in the month of November/December: for even semester in the month of April/May. A candidate who does not pass the examination in any course(s) shall be permitted to appear in such failed course(s) in the subsequent examinations to be held in November/December or April/May. ii. A candidate should get enrolled/registered for the first semester examination. If enrollment /registration is not possible owing to shortage of attendance beyond condonation limit/ rules prescribed OR belated joining OR on medical grounds, such candidates are not permitted to proceed to the next semester. Such candidates shall redo the semester in the subsequent term of that semester shall be admitted in the second semester, if he/she has successfully kept the term in first semester.

10. Condonation :

Student must have 75% of attendance in each course for appearing the examination. Students who have 70% to 74% of attendance shall apply for condo nation in the prescribed form with the prescribed fee.Rs.100. Students who have 60% to 69% of attendance shall apply for Condo nation in prescribed from with the prescribed fee.Rs.150 along with the Medical Certificate. Students who have below 60% of attendance are not eligible to appear for the examination.

11: Pattern of Question Papers:

Question Papers shall have five questions (with option for each) corresponding to five units of each theory course.

QUESTION NO.	DESCRIPTION		MARKS
1	Section A: M.C.Q Type Questions (2Questions from each Unit)	(10 X1=10)	10
2	Section B: Write short notes: (either / or method)	(5x5=25)	25
3	Section C: Answer in Brief type Question) Answer in one question from each unit	(5x8=40)	40
		Total	75

B. Sc., Physical Education: Format of Question Paper for 5 Units

12: Evaluation:

The performance of a student in each course is evaluated in terms of percentage of marks with a provision for conversion to grade point. Evaluation for each course shall be done by continuous internal assessment (CIA) by the concerned course teacher as well as by end semester examination and will be consolidated at the end of course. The components for continuous internal assessment are:

Internal Test	10 Marks
Seminar/Quiz	5 Marks
Assignments	5 Marks
Attendance	5 Marks
Total	25 Marks

Attendance shall be taken as a component of continuous assessment. Even though the students should have minimum 75% attendance in each course.In addition to continuous evaluation component, the end semester examination, which will be written type examination of at least 3 hours duration, would also form an integral component of the evaluation. The ratio of marks to be allotted to continuous internal assessment and to end semester examination is 25:75. The evaluation of practical work.Wherever applicable, will also be based on continuous internal assessment and on an end semester practical examination.

13. Minimum Passing Standard:

The minimum passing standard for CIA (Continuous Internal Assessment) and External Examinations shall be 40% i.e. 10 marks out of 25 marks and 30 marks out of 75 marks respectively for theory courses. The minimum passing for both CIA & external examination shall be 40% i.e 10 marks out of 25 and 30 marks out 75 marks for the practical course

14. GradingPoints :

Once the marks of the CIA (Continues Internal Assessment) and SEA (Semester End Assessment) for each of the courses are available, both (CIA and SEA) will be added. The marks, thus obtained for each of the courses will then be graded as per details provided in B.Sc. (17) from the first semester onwards the average performance within any semester from the first semester is indicated by Semester Grade Point Average (SGPA) while continuous performance (including the performance of the previous semesters also) starting from the first semester is indicated by Cumulative Grade Point Average (CGPA).

15. Classification of Final Results:

For the purpose of declaring a candidate to have qualified for the Degree of Bachelor of Science in Physical Education in the First class/Second class/Pass class or First class with Distinction, the marks and the corresponding CGPA earned by the candidate in Core Courses will be the criterion. It is further provided that the candidate should have scored the First/Second Class separately in both the grand total and end Semester (External) examinations.

16. Award of the Degree:

A Candidate shall be eligible for the award of the degree of the B.Sc PHSonly of he/she has earned the minimum required credit including Bonus Credits of the Programme prescribed above.

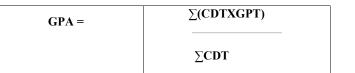

17. Letter Grades and Grade Points

- i. Two methods-relative grading or absolute grading have been in vogue for awarding grades in a course. The relative grading is based on the distribution (usually normal distribution) of marks obtained by all the students in the course and the grades are awarded based on a cut-off mark or percentile. Under the absolute grading, the marks are converted to grades based on predetermined class intervals. To implement the following grading system, the colleges and universities can use any one of the above methods.
- ii. The grades for each course would be decided on the basis of the percentage marks obtained at the end-semester external and internal examinations as per following table:

CGY-Category	Category(CGY)
CDT-Credit	1. Theory (Core)
GRD-Grade	2. Practical (Core)
GPT-Grade Point	3. Inter-Disiplinary-Theory
GPA-Grade Point Average	4. Inter-Disciplinary-Pracical
	5. Elective\Optional
	6. Comprehensive Viva/Seminar
	7. Extension Programmes
	8. Project And Viva-Voce

Marks	Grade Point	Letter Grade	Description
95 & above	10	S+	First class Examplany
91-95	9.5	S	First class-Exemplary
86-90	9.0	D++	
81-85	8.5	D+	First Class-Distinction
76-80	8.0	D	FITSUCIASS-DISUNCTION
71 – 75	7.5	A++	
66-70	7.0	A+	First class
61-65	6.5	Α	_
56-60	6.0	В	
50.55	5.5	С	Second Class
Below 50	-	F	Fail
		AA	Absent

B.Sc Physical Education Programmes:

Note:

- (1) GPA is calculated only if the candidate passes in all the courses i.e get minimum C grade in all the courses.
- (2) GPA is calculated only when the candidate passes in all the courses of all the previous and current semesters.
- (3) The cumulative grade point average will be calculated as the average of the GPA of all the semesters continuously, as shown above.
- (4) For the award of the class, GPA shall be calculated on the basis of:
 - (a) Marks of each Semester End Assessment And

(b) Marks of each Semester Continuous Internal Assessment for each course.

The final class for B.Sc. Degree shall be awarded on the basis of last GPA (grade) from all the one to six semester examinations.

19. Grievance Redressed Committee:

The college/department shall from a Grievance Redressed Committee for each course in each college/department with the course teacher/Principal/Director and the HOD of the faculty as the members. This Committee shall solve all grievances of the students.

20. Revision of Syllabi:

- 1. Syllabi of every course should be revised once in two years
- 2. Revised Syllabi of each semester should be implemented in a sequential way.
- 3. In courses, where units / topics related to governmental provisions, regulations or laws, that change to accommodate the latest developments, changes or corrections are too made consequentially as recommended by the Academic Council.
- 4. All formalities for revisions in the syllabi should be completed before the end of the semester for implementation of the revised syllabi in the next academic year.
- 5. During every revision, up to twenty Percent of the syllabi of each course should be changed so as to ensure the appearance of the students who have studied the old (unrevised) syllabi without any difficulties in the examinations of revised syllabi.
- 6. In case, the syllabus of any course is carried forward without any revision, it shall also be counted as revised in the revised syllabi.

◆ To	help children to	Plan and participate in regular physical	activity.				
Unit –I	Introduction	Introduction to Movement Education					
	Meaning, Definition, Aim, Concept and Factors of Movement Education.						
	Movement Education - Foundation for an active lifestyle, Innovative teaching ideas						
	for movement education. Fundamental Movements - Locomotors, Non- locomotors						
	and manipulative skills of children.						
Unit-II	Structure and Methods of Movement Education						
	Movement analysis - Body awareness, Spatial awareness, Qualities of Movement						
	and Relationship of Movements. Methods of teaching used in movement education Direct method, Indirect method, Limitation method						
Unit III	Primary Physical Education						
Unit III	Introduction, Aims and objectives of Primary PE, Scope and selection of activity,						
	Principles and themes, Guidelines for good practices, Learning experiences,						
	Promoting participation and activities.						
Unit IV		Basic Structure and Terminology					
	Athletics, Dance, Gymnastics, Games, Outdoor adventure activities, Aquatics.						
	Developing understanding and Appreciation.						
Unit V	Approaches	and methodologies					
	Variety of approaches: Direct teaching approach, Guided discovery approach.						
	Organizing the PE lessons: Individual, peer group, team play and station teaching.						
	Approaches t	o activities, suggested equipment's for Pl	E
