MULTI-MODEL MATERIALS PRODUCTION FOR DIFFERENTLY-ABLED CENTRE

Co-Ordinator Dr. J. SUJATHAMALINI Deputy Co-Ordinator Dr. M. PARIMALA
FATHIMA

AIM

**PROVIDE EDUCATIONAL AND REHABILITATION SERVICES TO THE
PERSONS WITH DISABILITIES**

OBJECTIVES

In order to meet the needs of students with visual impairment, Braille materials, including those with or without tactile graphics, talking books with human voice, and large print resources in a variety of subjects, should be produced.

To deliver subtitled instructional recordings with gesture-based communication for students with hearing weakness

To produce Orthotics and Prosthetics devices for students with Physical Disabilities

To deliver multimedia based computer assisted educational materials for students with Disabilities.

To organize need based trainings, conference, seminars and workshops etc. for students with disabilities, Pre & In service teachers and parents.

To establish connections with national and international institutes to strengthen the supports provided to students with disabilities.

ABOUT

Centre for Multimodal Material Production for differently Abled was started in the year 2013 under the Government of Tamilnadu Scheme.

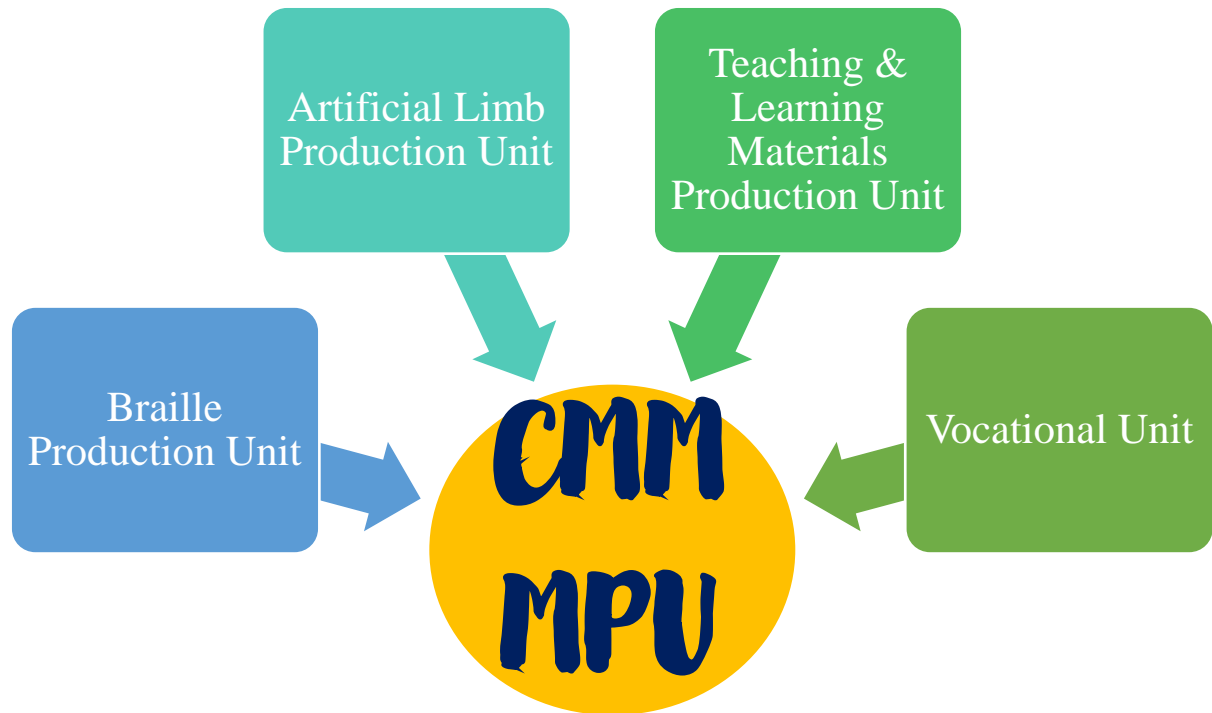

Centre started to prepare multimodal materials for students with various disabilities.

This centre also started Alagappa University Resource School for Differently Abled in the year 2014.

Alagappa University resource school for differently abled extending special education services to children with special needs and extending services to the community. The Resource school extends physiotherapy and occupational therapy for the children with disabilities, organize medical camps for identification of children with various disabilities and provide educational assistive and adaptive devices available in the department. Students who are autism, Down syndrome, Cerebral Palsy, and intellectual impairment from the age of 3 yrs to 30 yrs are enrolled and getting benefits of therapies and educational services from our resource school which is within our campus. Full time Physiotherapist, special educators and care takers are extending excellent service to those students effectively and efficiently.

This centre prepares teaching learning materials to serve differently abled in schools and colleges. Especially talking books, large print materials and tactile teaching learning materials are prepared by the student teachers to serve students with visual impairment. Alagappa University contributes to the welfare of students with disabilities in a multidimensional way. Diagnose and assess for labeling the children with disabilities

Technical and Academic Writing Centre

Dr. S. Thanuskodi
Coordinator

Technical and Academic Writing Centre
Alagappa University
Karaikudi, Tamil Nadu

Objectives of the Centre

- To identify young talent, strengthen research culture, build capacity, promote innovation and support trans-disciplinary research
- To acquire scientific writing skills and communication to disseminate research findings
- To motivate young faculty to undertake short term projects
- To promote entrepreneurship among young faculty, scholars and students through systematic talent hunt, mentorship programs
- To increase number of research publications and its count in competitive level
- To Score high index rate by faculty members so as to achieve top ranking institutions score
- To encourage critical reasoning and design thinking

Outcome of the Centre

- ➔ At the end of the programme the trained students, scholars and faculty will be expected to have strengthened their capability to prepare and submit scientifically meritorious research project grant applications.
- ➔ Team work installation in the minds of faculty members in achieving top rank among other Universities at the Nation as well as in the Global Level.
- ➔ Finding top h-index scorers periodically in the university and motivate them by creating h-index monitor system at department level, Faculty Level, and in overall University Level.

A report on

My Story - Motivational Session by Successful Entrepreneur / Start-up Founder

Entrepreneurship Development Cell (EDC) of Alagappa University has organized a programme **My Story - Motivational Session by Successful Entrepreneur / Start-up Founder** in the Seminar Hall, Management Block, Alagappa University in association with the Institution Innovation Council (IIC), of Alagappa University on 15.11.2022 at 10.00 a.m. All the department students, research scholars were invited and around 100 students have participated the programme. One of the Conveners Dr.M.Sivakumar, Coordinator EDC has welcomed the congregation and updated the Entrepreneurship perception and schemes offered by the Government. He also introduced the speakers Dr.Rajendran and Dr.Arjunan to the gathering.

Prof.S.Rajamohan, Registrar, Alagappa University has presided and inaugurated the programme. He mentioned many concepts of entrepreneurs and entrepreneurship modelling and innovation involvement in the minds of the individuals. He quoted the upliftment made by the administration to the entrepreneurship aspirants of Alagappa University. He made his point that the regional entrepreneur Dr.Rajendran has succeeded in his career in this rural background itself and sustained more than 25 years in the field of corrosion inhibition in the paint materials. He also cited that Dr.Arjunan is a better example of our Alumni, by establishing a Start-up company immediately after his PhD due to his innovative mind set. The Registrar has mentioned that Alagappa University has established the best platform to the innovators and the entrepreneurs through the Skill Development Cell, and Entrepreneurship Development Cell. "All the aspirants are requested to utilize the expertise of the experts who have come over from various parts of this state", he added. He particulates that our Hon'ble Vice-Chancellor has also encouraged the students by established the small scale industries in the campus.

One of the most Successful Entrepreneur Dr.D.Rajendran, Managing Director, MRT Chemicals Pvt. Ltd., Karaikudi delivered the Keynote and Special Address to the dignified audience. He narrated the importance of patience in innovating the things and bringing the outcome of the innovation to the society. He bravely shared his failure and how he taken up that as the stepping stone in his life. He also shared the achievement of his credential as a prominent supplier of the non-corrosive paints

to ISRO, Govt. of India. He mentioned about success story of an woman entrepreneur in Sivaganga by making the cow dung as a prominent green material for multipurpose usage and exporting that to many countries as Green Material. He motivated the listeners by explaining the MSME, Start-up TN, EIC, etc. and their functions and role in innovation and entrepreneurship development in the societal aspect. Many clarifications have made by the keynote speaker to the addressees.

Dr.P.Arjunan, the Director TEZTA Electric Mobility & Energy Pvt. Ltd. Dindigul, has recalled how his PhD problems turned his life path towards an Energy sector entrepreneur and he shared nicely his experience of innovation in making the alternative energy material development on par with lithium. He shared that the best efforts in fabricating the battery with the help of the waste material such as plastic lid of any bottle. He mentioned many quotes from Thirukkural to make the audience for better understanding the life concepts. Prof.C.Vedhirajan, EIC Director, Alagappa University felicitated the function for a grand success.

Another Convener of this event Dr.V.A.Anand, has appreciated and thanked the speakers and requested the student audience to take up this vital efforts made by the speakers in mind and to apply in their case too. Also Dr.V.A.Anand, the Deputy Coordinator has expressed his sincere thanks to the Hon'ble VC for making this grand event as a successful one and for permitting the invited Successful entrepreneurs to exhibit their findings in the Energy Materials Lab of Department of Physics. The listeners have expressed their feedback in this entrepreneurs forum and expressed their gratitude to the speakers, university authorities and the entrepreneurship development cell of Alagappa University. After that, all the proceedings have come to an end with the national anthem.

More than three hours of time was spent in the afternoon of the same day, by demonstrating their products of sale to the aspiring minds in the Energy Materials Lab, Department of Physics, Science Block, Alagappa University. About 150 students have visited the science block to acquire the practicality from the experts and get boosted in innovating the method, material, and the concepts too. They deliberated with the invited entrepreneurs about the possibility and ways of the utilization of opportunities offered by the state and central government.

Dr.V.A.Anand, Convenor

Sub: Looking for Bioplastic - PLA product development based on the consultancy project proposed - Reg.

Dear Prof. Mukesh Doble and Prof. Arun,

Good Wishes.

Continuing our telephone discussion, I am sending this official request for the Research Consultancy.

Bogar Bio Bee Stores Private Limited is involved in offering top-quality products that spell excellence. Bogar Bio Bee Stores Pvt Ltd is ISO 9001-2015, ISO 13485:2016 certified company. Our platform is driven by insightful professionals and Research and Development facility with innovative and inventive products.

Bogar Bio Bee Stores Private Limited wants to do R&D and make products based on your research experience. Hence, we want a consultancy project, especially in Poly Lactic Acid (PLA) product development.

Bogar Bio Bee Stores Private Limited would like to start this consultancy project tentatively from May 2023 and will pay a sum of Rs 7,00,000.00 for six months for doing the PLA work. The instruments at our labs and Alagappa University In-house R&D lab, which will be developed, can be utilized for this consultancy project.

We hope you will consider the offer and await any communication from you.

Thanking you
With Regards

BOGAR BIO BEE STORES PRIVATE LIMITED
