

DEPARTMENT OF BIOELECTRONICS & BIOSENSORS

ALAGAPPA UNIVERSITY

(Re-Accredited with "A" grade by NAAC)

Science Campus, KARAİKUDI – 630 003, Tamilnadu.

ENVIRONMENTAL CLUB

CLUB REPRESENTATIVE:

Ms. M. Reethu (II M.Sc., Mat. Sci.)

CLUB MEMBERS:

- 1) Mr. SB. Mayil Vealan (Research scholar)
- 2) Mrs. S. Meenakshi (Research scholar)
- 3) Mr. M. Anandha kumar (Research Scholar)
- 4) Ms. P. Niranjana (I M.Sc., Mat. Sci.)
- 5) Mr. S. Rahul (I M.Sc., Mat. Sci.)
- 6) Ms. M. Reethu (II M.Sc., Mat. Sci.)
- 7) Ms. L.K. Vandhana (II M.Sc., Mat. Sci.)
- 8) Ms. B. Keerthika (I M.Sc., Mat. Sci.)
- 9) Ms. V. Raja Kaushalya (II M.Sc., Mat. Sci.)
- 10) Ms. S. Sujitha (II M.Sc., Mat. Sci.)

CLUB INCHARGE

Dr. J. Wilson, Asst. Prof.,

CLUB COORDINATOR

Mr. SB. Mayil Vealan (Research scholar)

Environmental club

Activity 1:

Cleaning of lab and class rooms in our department conducted on 21/12/2022 and 15/03/2023 during evening

Activity 2:

M.Sc., Material Science Students, Department of Bioelectronics and biosensors, conducted the cleaning of science campus activity and celebrated Pongal Festival on 13/01/2024 at 10.15 am. In that plastic wastages are collected for the purpose of recycling.

Activity 3:

The Environmental Club strives to spread awareness amongst the students about the various issues that are being faced by our planet regarding our environment and to foster an eco-friendly environment in the science campus, Alagappa University. The main aim of the environmental club: (i) to create awareness among the student community to environmental protection, (ii) to organize student`s participation for preservation and conservation of environment, (iii) to make clean and green campus by using different media such as audio, visual, posters, seminar, workshop, guest lecture and competitions for spreading messages concerning environment, and (iv) to create a pollution free environment for future generation. The environmental club organized various events and activities during this academic year 2024-2025 on 25th March, 2024. Environmental Club has initiated to separate the degradable and non-degradable waste in separate dustbins and then cleaned the parking area of by cutting the long grasses around it and removed plastic items around the area. They also put up a board advising students and others to use the dustbin and not to litter waste. A sapling plantation programme was organized in our science campus by the Environmental club to create an awareness regarding climate change and its adverse effect.

Club In-charge : Dr. J. Wilson (Associate professor)
Club representative : M Reethu
Club members : S.B. Mayil vealan, S. Meenakshi, M. Anandhakumar, P. Niranjana, S. Rahul, L.K. Vandhana.
