Granted Autonomy by MHRD-UGC)

KARAIKUDI - 630 003

Date: 14.12.2018

The National Energy Conservation day was celebrated at Alagappa University, Karaikudi, on 13th December 2018. The Department of Energy Science and Environmental awareness club jointly organized the function. The function started with Prayer and followed by welcome address delivered by Prof. S. Karuppuchamy, Head, Department of Energy Science, Co-ordinator, Environmental Awareness Club, Alagappa University, Karaikudi.

Prof. N. Rajendran, Vice-Chancellor, Alagappa University, presided over the function. In his presidential address, he mentioned that the world should be preserved from Global warming. We people should come out from Non-renewable energy source to Renewable energy source. He particularly emphasized that every individual should be cultivated and cultured to use renewable energy sources to make the world survive in future. Besides, he announced that the Solar Park is going to be established in the University premises through which the cost of energy can be reduced to more than 50%. Finally, he advised the students to develop passion in their profession and contribute their work to the society. Prof. K. Gurunathan, Member of Syndicate, Alagappa University delivered the inaugural address. He talked about the importance of energy savings. He also briefed about the importance of preserving ozone layer and the consequence of global warming.

Prof. P. Vickraman, Department of Physics, Gandhigram Rural Institute, Dindigul delivered the Keynote Address, in which he insisted the conservation of energy. He explained about various renewable energy sources and mentioned the significance of the solar energy as the driving force for other renewable energy systems.

Dr. V. Dharuman, Deputy Co-ordinator for Environmental Awareness Club, delivered a vote of thanks.

Prof.H.Gurumallesh Prabu
